CAREER OBJECTIVE

Detail-oriented Computer Science graduate and frontend developer proficient in React.js and Next.js, committed to delivering efficient, scalable web applications that enhance user experience for small startups and emerging businesses.

WORK EXPERIENCE

Frontend development • Internship

Aug 2024 - Feb 2025

TechyJaunt, Virtual

- Collaborated with a team of 6 interns to develop 5+ responsive interfaces using React.js for Campus Sync — a web application that streamlines the search and filtering of on- and off-campus student accommodations, enhancing usability and user engagement.
- Developed core frontend features using Next.js as part of a 3-person team for a campus delivery web app, focusing on dashboard UI and authentication workflows to streamline task management and ensure secure user access.
- Built responsive and dynamic dashboard components with role-based authentication, enabling students to request and fulfill on-campus errands efficiently.

EDUCATION

Higher National Diploma, Computer Science

2020 - 2024

Kenule Beeson Sarowiwa Polytechnic

TRAININGS / CERTIFICATIONS

Frontend Development

Nov 2023 - May 2024

TechyJaunt, Virtual

- HTML5 & CSS3: Semantic markup, responsive design, and CSS frameworks like Tailwind CSS.
- JavaScript (ES6+): Advanced scripting, asynchronous programming, and state management
- Version Control: Git workflows and collaboration on GitHub
- UI/UX Principles: Designing user-friendly interfaces with accessibility and performance in mind

PORTFOLIO

PROJECTS

[Travel tour app ↗](#)

Feb 2025

- Designed and developed a Travel Tour web app using Next.js and Tailwind CSS, enabling users to explore, book, and manage guided tour packages with features like interactive maps, dynamic filters, and responsive layouts for an enhanced travel planning experience.
- Currently building my portfolio website to showcase all the websites I've built in the long run.
